To whom it may concern,

We have been supporting Soudal products for over 5 years now and each year the success on the product grows more and more. In an industry where adhesives are just as competitive as the next product, having the right adhesive that we can 100% rely on is paramount. The Soudal range of timber flooring adhesive also has many points of difference which the tradies love and even allows them to win jobs over competitor's who are using 'standard' types of glue!

Kind regards,

Josh Marques
Sales Manager
